

NOVEMBER 18th, 2020 Virtual Event

The PA Family Network: Planning, Supports and Networking

This session is an introduction to the PA Family Network and how we can assist families, self-advocates and others to look at their vision for an Everyday Life and create a plan for it. We are a team of family members who can mentor and support individuals and those they recognize as family. We can provide resources, information, and connect individuals to the goods and services to help make that vision a reality.

Join us on November 18th at 6:00 to learn Who We Are and how we can assist you and/or your loved one in supporting the family and making an Everyday Life happen!

To learn more about The PA Family Network, check out their website:
