## JULY IS DISABILITY PRIDE MONTH

July has held great significance in the history of disability rights since President George H.W. Bush enacted the Americans with Disabilities Act (ADA) in 1990. This groundbreaking legislation outlawed discrimination against individuals with disabilities, and in July of that same year, the inaugural Disability Pride Day took place in Boston.

Since then, July has been recognized as Disability Pride Month, featuring parades and events nationwide to commemorate the anniversary of this pivotal law. Although Disability Pride Month has not yet been officially recognized as a national holiday, in 2015, New York Mayor Bill de Blasio declared July Disability Pride Month in celebration of the ADA's 25th anniversary.

Disability Pride Month serves as a crucial opportunity to honor the diversity and individuality of every person within the disability community and to celebrate those who live with disabilities.

## WCSI MISSION STATEMENT

## WHO WE ARE: SERVING THE COMMUNITY FOR 30 YEARS!

Established in 1994, WCSI provides a range of Behavioral Health, Intellectual and Developmental Disability, and Early Intervention services to the residents of Westmoreland County.

WCSI is dedicated to having a positive impact on the community it is so fortunate to serve. Our philosophy is straightforward: We provide services to any eligible individual or family, doing everything possible to ensure the best possible outcomes.

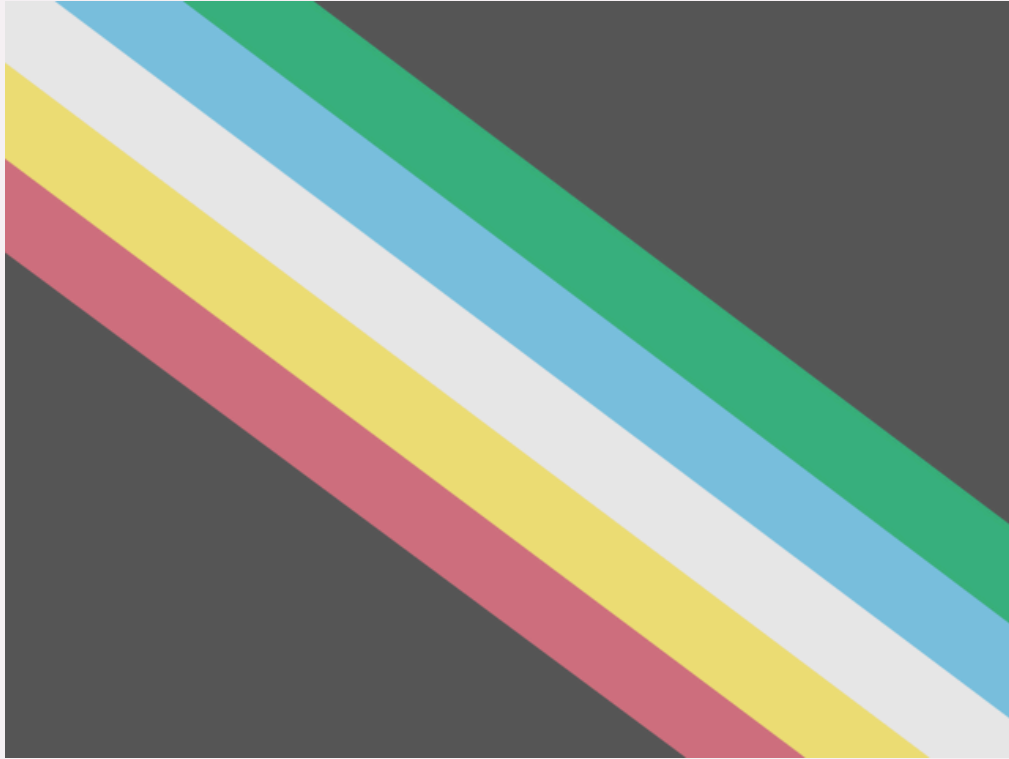

This means that our involvement in the community is not defined only by funded services but rather by a holistic response to individual, family, and community needs.

We meet you where you are:  
In any stage of your life.  
In your home or in the community.

We care about your whole person, and we are committed to connecting you with the resources to enable you to thrive in all aspects of your life. Our services are individualized according to your identified needs and preferences.

# DISABILITY PRIDE FLAG

What each color of the flag represents:

♥ RED: physical disabilities

♥ BLUE: mental illness

♥ BLACK: represents the disabled people who have lost their lives due not only to their illness, but also to negligence, suicide and eugenics.

♥ YELLOW: cognitive and intellectual disabilities

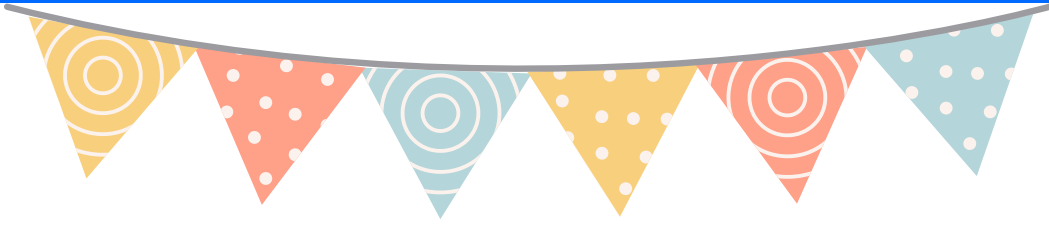

♥ WHITE: invisible and undiagnosed disabilities

♥ GREEN: sensory perception disabilities

Disability Pride Month is an important opportunity to raise visibility for people with disabilities and to work towards a more inclusive and accessible society. It is a time to recognize their strengths, celebrate their diversity, and advocate for their rights.

### PLAY, LEARN, CONNECT SERIES AT GHAL

Danielle O'Neill, Service Coordinator Lead from WCSI's Early Intervention Department, joined the Play, Learn, Connect series at the Greensburg Hempfield Library every Monday from March 3rd to March 31st, 2025. This grant-funded series focused on parents playing with their children to enhance learning and strengthen bonds. Each week featured community resource professionals in Child Development, Nutrition, Speech, and Movement.

As a Child Development specialist, Early Intervention was key. The Service Coordinator discussed developmental milestones with parents and offered screenings or took referrals. The Service Coordinator enjoyed engaging in various activities with families, while children explored toy centers like kitchens, baby dolls, blocks, cars, and slides. Each week included a unique art activity, ending with parachute games and songs to celebrate togetherness.

### Alle- Kiski Job Fair!

On Thursday, April 17, 2025, Krystal Spino, Human Resources Director, and Alyssa Sawl, Targeted Case Manager Supervisor, proudly represented WCSI at an exciting community job fair hosted at Lower Burrell VFW. The event was a great platform for them to share WCSI's inspiring Mission Statement and provide attendees with insightful information about the current job openings, exceptional benefits, and the numerous perks of joining this dedicated agency. ### Preschool Expo!

Georgiann Beske, Early Intervention Service Coordinator Lead, and Tracie Southern, EI Director, helped plan and attended the EI Local Interagency Coordinating Council (LIICC) Preschool Expo on Monday April 28. This event was held at the Westmoreland Intermediate Unit and hosted eighteen local Westmoreland County preschools and four community partners - LIICC, Early Learning Resource Center, Parent to Parent, and Engage Kidz. The expo gave our local families a place to come to and explore preschool options all within one building. Preschools were arranged by areas within the community, so families were able to go to ones that were within their home locations. The preschools and community partners each had tables set up to display information about what their programs offered, along with staff available to answer any questions the families had. LIICC provided each family with a children's book and a tote bag so they could collect the information they wanted at each table. Early intervention information was given to the families from the LIICC as well. Thirty-two families attended this event and gained valuable information.

### **WCSI WALKS FOR A CAUSE AT WALK A MILE IN HER SHOES**

On Saturday, April 26th, the WCSI Team proudly joined the Walk a Mile in Her Shoes event at St. Clair Park, uniting for a powerful cause—raising awareness and taking a stand against gender-based violence. Our team, 25 strong, included dedicated staff, consumers, supportive partners, and even the youngest advocates—our employees' children.

Despite the rainy weather, spirits remained high as participants gathered with purpose and passion. More than 300 individuals participated in the walk, demonstrating incredible community solidarity. Together, we made our voices heard and our footsteps matter.

The event also featured meaningful, recovery-oriented activities, such as decorating high-heeled shoes and contributing uplifting messages to a communal "Stone Soup," inspired by the classic fable. This symbolic act reflected the heart of the story—that when individuals come together in unity and compassion, they can achieve great things. That same spirit was felt in every step we took together.

We extend our heartfelt thanks to everyone who participated and supported this impactful event. We're already looking forward to an even stronger turnout next year!

### Stay and Play Event

On May 12, 2025, WCSI's Early Intervention Department helped plan and participated in the Westmoreland County EI Local Intervention Coordinating Council (LICC) Stay and Play event at Adams Memorial Library in Latrobe. There was a morning session from 10am-12pm and an afternoon session from 4pm-6pm. Early Intervention staff were present to guide families to play with their children, explaining the developmental skills that children learn from each play activity. WCSI Early Intervention Service Coordinator Leads, Lauren Hussar and Georgiann Beske, were available to complete developmental screenings and take Early Intervention referrals if requested. Westmoreland Community Action offered vision screenings for the children. Beverly's mobile van was also on-site in the morning to offer free formula and diapers to the Latrobe community.

Resource tables were set up in the library to share information from local agencies including LICC, Parent to Parent, Nurture PA, Westmoreland Community Action, 211, Healthy Start, PBS Kids, and the Early Learning Resource Center. Once families gathered all the information available, they were encouraged to "stay and play" in the Children's Library.
